*Only a structure that is residential in appearance and maintains the character of the existing neighborhood in style and heights can be used for a professional office in a residential zone. An office building that is commercial in appearance cannot be constructed in a residential zone. (4-2010, 7-13-10)
(1-2015, 6-23-15) (1-2016, 3-22-16) (4-2018, 10-9-18)

B. Zone Regulation Requirements

1. A Zoning Clearance Permit is required when constructing or adding a structure to the property. Structures include, but are not limited to: house, house addition, garage, carport, shed, deck, ground mounted solar panels, swimming pool, commercial building, covering for a deck, patio or porch (see 10-3-4).
2. One application is required per structure and per person.
3. Public works director and zoning administrator will sign permit or respond to applicant within 10 working days.
4. Failure to comply with restrictive covenants (including any limiting conditions contained on a recorded plat map) and/or situational safety concerns shall be grounds for denial of a Zoning Clearance Permit.
5. Applicant should consult Cache County Building Department to determine if a building permit is required.

(2-2019, 5-28-19)

C. Classification of New and Unlisted Uses; Procedure: Should the zoning administrator and the building inspector determine that a type or form of land use which an applicant is seeking to locate in the city does not appear as a permitted or conditional use, he or she shall refer the request to the planning commission which shall determine the appropriate classification as follows:

1. Should the commission determine that the new or unlisted use for all intents and purposes, is listed under another name or category, they shall so inform the zoning administrator and/or building inspector to proceed accordingly; or
2. The planning commission shall gather facts concerning the nature of the use, types of activities, impacts, etc., and shall transmit its findings and recommendations to the mayor and city council, who shall amend the land use chart. (Ord., 1-22-2002)

D. Uses Prohibited in Zones Unless Expressly Permitted: This title prohibits uses of land other than those expressly permitted within this title, excepting uses permitted by action of the planning commission and pursuant to express authority under the terms of this title. The planning commission and appeal authority shall not permit a use within a zone, which is not expressly permitted by the terms of this title, unless it can be shown that the use is similar to other uses permitted in the zone. (Ord., 1-22-2002; amd. Ord. 0-01-13, 1-11-2005, eff. retroactive to 11-26-2002; Ord. 04-12-14, 1-11-2005, eff. retroactive to 12-14-2004)

10-12-2: AREA REGULATIONS

A. Residential Space Requirement Chart: The minimum lot sizes and setback distances for residential uses are listed in the following table 2:

Principal uses (min.)	10	10	10	10	10

*Planned unit development (PUD) requirements may be altered and are subject to discretionary approval by the planning commission on a per application basis.

**Accessory uses shall be no greater in height than the height of the principal use on the same lot, and in no case shall the height of the accessory use exceed 25 feet.

1. The minimum lot width (as measured at the setback line) in the R-1-8 zone may be reduced subject to the following conditions:

- A. The lot being considered for an exception shall be created or subdivided from a legally existing lot that measures less than the minimum width required by this Zoning Ordinance but no less than seventy (70) feet, as measured at the setback line.
- B. The width of the lot created, as measured at the setback line shall not be less than seventy (70) feet.
- C. The front yard of the lot created shall front on a public or private street.

The City may deny any request to reduce the minimum lot-width in the R-1-8 zone upon finding:

- A. That the lot being considered is owned by the same entity as at least one adjacent lot, and in which the combination of the lots could allow for all lot widths to meet the requirements of this Zoning Ordinance, provided that no structure exists that would preclude such lot combination from taking place.
- B. That granting an exception in lot width would adversely impact the character of the existing neighborhood and urban design of the City.

2. Properties with residential homes built prior to 1940 in the R-1-8 zone are exempt from the 10-foot minimum sideyard (interior lot) setback with the following conditions: Additions or remodels made to said homes may extend the same non-conforming line of such an existing home, but in no case, shall any addition or remodel (including structural overhang and cantilevers) be closer to the adjacent property line than five (5) feet, i.e., a five (5) foot setback shall be maintained in all cases. The eaves shall not extend beyond 16" of the existing roof line or eave.

B. Nonresidential Space Requirement Chart: The minimum lot sizes and setback distances for nonresidential uses are listed in the following table 3:

10-12-3: FENCE AND WALL REGULATIONS WITHIN SETBACKS

- A. Residential Maximum Height (from sidewalk or road grade)
 - 1. Front Yard: 4 feet
 - 2. Side Yard, Interior Lot: 6 feet

3. Side Yard on a Street *
4. Rear Yard: 6 feet
5. Rear Yard on a Street *

*** Four (4) feet or, if greater than four (4) feet, entire fence must be 90% transparent, six (6) feet maximum height**

- B. Nonresidential Maximum Height (from sidewalk or road grade)
1. Front yard: 8 feet
 2. Side yard: 8 feet
 3. Rear yard: 8 feet
- C. No Permit Required: The City does not issue permits for fences, HOWEVER, fences built outside city code regulations will be brought into compliance at the owners' expense.
- D. Replacement of a Fence or Wall: When replacing an existing fence/wall, the new fence/wall must be brought into compliance with the current city code.
- E. No Chain Link: Chain link is not allowed in the front yard, side yards on a street, and rear yards on a street.
- F. Corner Lots: When the rear yard of a corner lot is adjacent to the front yard of a neighboring lot, a 6 foot (6') fence is allowed in the part of the corner lot's rear and side yard that is adjacent to the neighboring lot's front-yard setback area (**see *above**). All fences on corner lots shall comply with 10-13-15: Clear View of Intersecting Streets, shown in the following figure.
