Dog Licensing

It's time to renew your dog's license. Please bring paperwork showing proof of rabies to the City Office. Fees for licensing are: \$10 for dogs spayed or neutered, and \$20 otherwise. If you can't come in during office hours you can drop a copy of the proof of rabies, along with the appropriate fee in the drop box. If you have more than 2 dogs you will need to apply for a kennel license.

Cache Meadow Vet Clinic offers \$20 rabies vaccinations, Monday thru Friday from 11 am until 2 pm. No appointment is necessary. They are located at 38 E 2600 N.

A late fee of \$10/month will apply each month after March 1.

Business Licenses Due

If you are running a business out of your home you need a business license. After January 1 a \$30 late fee will apply. Applications can be obtained on the City's website.

Winter Parking Restrictions

Please be reminded, it is unlawful to park any vehicle on any public street from November 15 - March 15 between the hours of 4:00 am and 12:00 noon. (RHC Code 10-14-8:E)

Prevent Freezing

When temperatures dip below freezing for any length of time, we suggest running a small, pencil sized flow of water through one of your taps, to prevent your line from freezing.

SNOW REMOVAL

Snow Removal from Driveways and Sidewalks

Please DO NOT push your snow into the roadways, park strips or vacant properties. We ask that you place the snow on your side of the property behind the sidewalks, allowing us to put the snow from the roads onto the park strips. This will greatly reduce the amount of snow the plow will push into your driveway entrance.

Priorities for Snow Removal

Priority is based upon the amount of traffic and the number of homes and schools serviced by that road. Please keep in mind that the length and intensity of the storm is a big factor on plow routes. Major storms may require that we remain on the major roadways until the storm subsides.

Vehicles and Garbage Cans in the Road

There is no parking allowed of vehicles, trailers, or any other obstructions on the street beginning November 15 through March 15 between the hours of 4:00 am and 12:00 noon. Violators will be cited.

We also ask that you put your garbage and recycle cans out the morning of collection day and remove them as soon as possible after pick up.

Be Aware of Our Equipment

A loaded snow plow weighs as much as 10 small cars. We need room to stop, especially while plowing. Even if you have the right-of-way, let us stop before pulling out in front of us.

We also ask that you remain more than 50 feet away from the plows so your vehicle does not get damaged by the spreading of sand and salt.

The speed of the snow plow is dictated by the wetness and amount of snow.

Please do not allow your children to play near the street while snow plows are out. Do not build snow forts near the street because a snow plow will cause the fort to collapse.
